ONGOING SUPPORT

DIY	You update your site using our guide.	Free	Just like your phone, your website needs software updates to stay secure and functional.
AUTOMATIC UPDATES - UNMONITORED	Set it and forget it (but not actively monitored).	Free	You can set updates to run automatically, which is convenient but risky—problems might go unnoticed.
CARE PACKAGE	We handle monthly software updates, backups, security checks, and an optional monthly report.	From £20 per month	Without active monitoring or a care plan, any fixes required will be charged hourly. The choice is yours.
